GRADUATE DEVELOPMENT PROGRAM

Graduates

We are looking for ambitious, focused and committed individuals to join us in our Graduate Program in 2008. The two-year program provides successful candidates with an opportunity to learn about our business and build their management skills in a challenging and fast paced environment. Successful candidates will be given an opportunity to develop their careers in **Supply Chain, Information Technology or Human Resources**.

If you graduated with a minimum of an Upper Second degree in the last 12 months in any of the following fields; business or commercial studies, computer science and engineering and are willing to work anywhere within East African we want to hear from you.

Specify your area of interest i.e. Supply Chain, Information Technology or Human Resources on the envelope and application letter. Include a detailed CV together with copies of your transcripts and the names of three referees who can provide a confidential assessment to a search committee and send us your application by the 30th April 2008 to the address below.

Engineering Opportunities

We are looking to build our database of professionals for possible recruitment.

If you have at least 4 years work experience and willing to work anywhere within the East African Region, we would like to hear from you.

Specify your area of specialization (Civil, Industrial, Chemical & Process, Electrical and Maintenance) on the envelope and application letter. Include a detailed CV together with copies of your transcripts and the names of three referees who can provide a confidential assessment to a search committee and send us your application by the 30th April 2008 to the below address.

Specify your area of specialization (Civil, Industrial, Chemical & Process, Electrical and Maintenance) on the envelope and application letter.
